

RETREATS & EVENTS

at Everwild Canmore

Reflect.
Reconnect.
Renew.

YOUR JOURNEY BEGINS HERE

Set within the awe-inspiring Canadian Rockies, Everwild Canmore is a sanctuary where nature's elements come alive. Blending wellness traditions with the wild beauty of the Bow Valley, it offers a deeply restorative escape grounded in earth, water, air, and fire.

Rooted in place, Everwild draws from the land—its stones, waters, and botanicals—to create intentional, elemental experiences. Every detail reflects the textures and spirit of the region, inviting guests to reconnect with themselves and the natural world.

Whether seeking solitude, shared connection, or deep renewal, guests are guided through rituals that restore balance and awaken presence. At Everwild Canmore, wellness is a return to harmony—shaped by nature, elevated by design.

Retreats & Events

Host your next retreat at Rhythm & Howl.

Indulge in a seasonal, mountain-inspired meal at our elevated casual restaurant, Rhythm & Howl, where our chef creates exquisite dishes using only the freshest, locally sourced and sustainable ingredients

The restaurant has an open floorplan towards the lobby area of the hotel, however we do not have traditional event space at the property.

Packages are customizable and include options for meals, Nordic Spa, wellness rituals, and short meetings. Retreats can be booked for a minimum of 15 people.

Sustainability

At Everwild, we're mindful of our impact on the land. In your room, you'll find biodegradable soaps in refillable canisters to help reduce waste. Daily housekeeping is by request, conserving water and energy without compromising comfort. Our made-to-order menus minimize food waste, and spa operations use practices that lower water and energy use while supporting your experience of elemental renewal.

Because feeling better, by nature, begins with care and respect for the world around us.
